A new model has taken up residence at the Renaissance Golf & Country Club in south Fort Myers.

The builder of the Villa Sevilla model is Michelangelo Homes.

An open courtyard and impressive fountain entry lead to a large outside veranda with fireplace and kitchen, wine cellar and private study.

The Sevilla has 4,652 square feet of living space under air, including walk-in cooler, European appliances and automated remote sliding glass doors.

The latest technology in audio, lighting and communications systems is available.

As a certified green builder, and employing materials from around the world, Michelangelo has built in some environmental benefits, including insulation for conditioned attic spaces, low thermal pane gas windows, a

prewired system for an emergency generator and a 500-gallon propane gas system.

Michelangelo Homes has built luxury residences in Quail West and Miromar Lakes, and

riverfront homes in Fort Myers and Cape Coral. It is an approved builder in Bonita Bay.
